Word environmental day (EXHIBITION):

There are enormous of media's are there to reach information to the society.the people have a social adit mentality about the environment.

reached the awareness.

In this situation, the watching and listening route way of exhibition creates a change to reach the awareness to the ill-literate people. Also ,the people's enquiry about the environment awareness and plantation.

The electronic media is very expansive the awareness. the way of door to conversation awareness is not possible in the fast technological world. Most of them were illiterate, so the way print media is not much is not much

AWARENESS ABOUT ORGANIC FARMING.

In this program, the participants were village farmers. We gave the awareness about the importance of organic farming in the present situation. Due to increasing of population and increasing of buildings and we are using fertilizer. Nowadays most of the agricultural lands were removed for construction of buildings.

Due to this we are facing more hygienic problem. Though this problem cannot be replaced immediately. We can do small level processing of forming farmers and pollution free environment.

The participants realized and took initiation for the necessity of organic farming.

LAW DAY CAMP:

The District free Legal committee of Nagapattinam it conducted the legal Awareness camp at Thogalakudi village which is located 10km away from sirkazhi. In the function GG participated and share the need for tree plantation and distributed pamphlets and basic legal law note books to the public by the Justice mathivanan Highcourt Justice of Chennai. District collector Mr.P.Munusamy.

Justice Lath Sub division Legal aid committee and the district superintendent of police. Ms.Priyadharsani sub collector Mayiladuthurai.

MENTAL HEALTH DAY:

(Case and concern of mentally ill people.)

In Mayiladuthurai, Sembanarkoil and karaikal area mental retarder people use to roam in the streets and sleep where ever they feel. Most of the time they were beaten up and scold.

sometimes

Thrown waste on them without giving and concern over them and illerate them regularly.

GG want to help these4 people provide food packets in the days and once in a month gathering the mentally retired people do hair cut for them and help them to wash their bodies. Sometimes we also provide dresses and dressing them well.

PROGRAM AMONG BEGGING CHILDREN:

GG identify the children begging in vaitheswarankoil temple which was surround by Gondom(old scripts and palm lives) Astrologer were people from all over turned in huge number.

After a study, we came to know most of the children are coming from (tribes) ARASUR village,near sirkazhi town.We organise them to stop the begging and help them to go the schools for children conducting supplementary education centre give awareness to thr entire community on Global Warming and distribute free sample in order to plant in the backyards of the house.

YOUTH DAY:

GG conducted series of workshop in the Higher Secondary school,colleges in sirzali and Mayiladuthurai .The workshop divided into two parts the first part is decrimination of information by lectures and slide shows and second part is planting samplings in their own premises like school and college grounds.

This year we have conducted the workshops in the following schools and colleges.
